

SNYDER POOLS NEWS

Cooler weather has begun set in, and the swimming pool season is coming to an end. It is already looking like it will be yet another busy year for 2022! We want to thank all our current and new customers for a great season! When the pandemic first began, we were unsure of how it would impact the swimming pool and hot tub industry. It unexpectedly turned out to be a crazy year with its own challenges. This year, like last, we had some shortages in products, but with patience and understanding from all our customers, we were able to fulfill contracts and keep inventory coming in. We thank all of you for your loyalty and patience.

It is now time to switch gears to hot tub season and our retail store is prepared with all your hot tub essentials. Hot tub deliveries are set to begin arriving in the upcoming weeks. If you are looking for a new hot tub, the demand is still extremely high, and we have been experiencing many delays. Hot tubs are currently booking into July 2022. We want to give our customers first choice on the available hot tubs coming in, so if you are interested, please reach out to the retail store to place your hot tub order.

Safety covers are being installed as they arrive at our retail store. However, we are now at our cut off time for ordering for this year. You can still plan for next season, and we are happy to schedule you for installation in the spring. We are almost completely booked for swimming pool winterizations as well, if you haven't already booked, we encourage you to call the retail store as soon as possible.

Retail Store Hours:

October Hours:

Monday - Friday: 9 am - 5 pm

Saturday: 9 am - 4 pm

Sunday: Closed

Starting November 1st:

Monday - Friday: 9 am - 4 pm

Saturday: 9 am - 1 pm

Sunday: Closed

Closed for Thanksgiving November 25th-26th

Our Retail Store is open!
Masks are not required but are welcome.

According to the CDC, there is no evidence that COVID-19 can be spread to humans when using a swimming pool or hot tub. This only holds true when proper sanitation and maintenance are performed.

- We recommend getting your water tested once a month.
