

2022 Cleaning Contract

Spring Pool Clean-Up: A pool clean-up is typically needed in the spring once the pool cover is removed, and the pool has been running for at least 24 hours with shock and algaecide. **Multiple visits are typical, depending on your pool water quality and the debris content.** In severe cases, the customer will need to add Super Shock-It/granular chlorine (1 lb. per 10,000 gallons) to their pool daily.

In-Season Cleanings: This service is offered for scheduled maintenance of pools throughout the summer. The visits include:

- Vacuuming the pool
- Backwashing of filter/ hosing down of cartridges or D.E. Grids*
- Cleaning the skimmers and pump baskets
- Wiping off the waterline ring.
- Water testing
- Chemical adjustments (with chemicals purchased at our retail store)

Please fill out the in-season cleaning maintenance section below.

In-season cleanings are for 1 hour and can either be scheduled on a weekly, bi-weekly, or a monthly basis. If needed, the first cleaning of the year can be 2-hours long rather than the standard 1-hour cleaning. Please check next to the option you would like for your in-season cleanings and circle weekly or monthly if applicable.

In-season cleaning maintenance is \$185.00 for up to 1 hour, \$50 for each additional 30 minutes.
